10 Week Session

JUNIOR TENNIS ACADEMY

The NYTA with over 35 years of experience has become the leader in junior tennis development in Canada. The NYTA atmosphere is fun filled yet goal oriented. With over 500 kids participating in the academy the program has won awards from Tennis Canada and Ontario Tennis for every level of tennis. The NYTA has been designated by Tennis Canada and the Ontario Tennis Association as a high performance tennis development center. All three locations are centrally located in North York. The NYTA offers tennis programming year round to our students with after school programs during the winter, fall and spring and half and full day programs for the summer. **All spring tennis lessons will be held at the North location** in a climate-controlled bubble, therefore extreme heat and cold temperatures will no longer be a factor.

NYTA DIRECTOR OF COACHING Tyler Prescott, Head Coach and Assistant Manager

The program director and head coach is Tyler Prescott. Tyler Prescott has been teaching tennis for 25 years and has worked with juniors from international level to beginners. Tyler played junior and adult tennis at all levels as well as attending specialty sports schools. His dynamic approach and knowledge of the game makes the atmosphere fun-filled yet goal oriented. Tyler on a yearly basis is

involved in professional development courses with Tennis Canada to ensure that our head pro and coaching staff stays ahead of the curve. Tyler has completed his Coach 3 with Tennis Canada and now is a Coach 4 candidate. Tyler is presently a course facilitator for Tennis Canada for the Coach 2 certification program. Tyler was the head coach of Team Ontario which won the Gold medal at the prestigious Canada Games 2013. In conjunction with Tennis Canada and Ontario Tennis Association, Tyler oversees the schools program and the new North York Little Aces League. Tyler will be on court and on site for consultation throughout all programs.

To see Tyler in action visit our web site at www.nyta.org and check out our video section.

RECREATIONAL PROGRAMS

In a fun and safe atmosphere students will learn the fundamentals of the game which develops strong self confidence. Tennis is sport of a life time. We want to encourage our players to connect socially so they can continue to play outside of the regular lesson times. At the

end of the session we are going to put together a round robin and BBQ so the students can get to know each another better and create friendships.

RED BALL INTRODUCTORY STAGE (born between 2009-2011)

The Red Ball Stage is the introduction stage to tennis. Students who have success and fun want to keep playing. With the appropriate sized court, racquet and slower bouncing balls our students have fun and develop skills. We will provide all the equipment necessary to ensure that our players have every opportunity to improve.

ORANGE BALL (born between 2005-2008)

The Orange Ball is our second stage of development and may be the most important stage. At this level we continue to have fun and implement strong fundamentals which will give our players the least limitations going forward in their tennis career. While continuing to use special equipment as to which will be supplied by the club.

GREEN BALL (born between 2002-2004)

Building on the strong foundation that was developed at the previous levels we look to transfer these skills to the Green ball level. We will use a full court with a decompressed ball to ensure the players continue to have success. We want our players to feel like mini-pros developing consistency and an all court game style.

YELLOW BALL FINAL STAGE (born before 2002)

The Yellow ball program has replaced our advance program from the past. The Yellow ball program is perfect for players who want to continue to develop Technical, Tactical, Physical and Psychological components of their game. Players at this level must have been involved in tournaments and/or league play at some level.

**NYTA is also known for High Performance training.
Please refer to our HP flyer for more programs.**
